

Lister Trade Frames have been selected as Finalists for the **G-10 Fabricator of the Year Award.**

This award encompasses the total customer experience and level of investment that a company makes in their business.

What reasons (if any) can you give, as a Trade Customer, as to why Listers should win the Award this Year?

We have used Listers a number of times in the last 18 months and have been very impressed with the customer service in the first instance of providing quotations, the speed of manufacture and quality of installation.

On one particular scheme we had a number of complications, Listers were extremely helpful in assisting with overcoming the problems and finding solutions.

To top it off Listers are very competitively priced whilst still offering a quality product.
